

The Hon Victor Dominello MP

Minister for Citizenship and Communities
Minister for Aboriginal Affairs

Australian Hokien Huay Kuan Association
30th Anniversary

Message from the Minister for
Citizenship and Communities

I am delighted to send my congratulations to the Australian Hokien Huay Kuan Association for thirty years of service to the NSW community.

The association is a bastion of Fujian Culture and Chinese Classical Literature in New South Wales.

Teaching children and young people the most traditional aspects of their ancient culture is a gift to our whole society, because it enriches the nation's treasure trove of knowledge.

The strength of the Australian Hokien Huay Kuan Association is the breadth of its activities. It caters for Australians of Fujian backgrounds of all ages, encourages Australians to engage in economic and culture exchanges with China, and receives many important business and trade delegations from China.

These are all very significant contributions to the progress and well-being of our state and I thank you for it all. Happy anniversary!

Hon Victor Dominello MP
Minister for Citizenship and Communities
